

15 April 2021

Dear Dr. Amarasiri,

This is a formal letter to confirm that your article below is a recipient of **the 2021 Best Paper Award** from *Critical Reviews in Environmental Science and Technology*:

Amarasiri, M., D. Sano, S. Suzuki. 2020. Understanding human health risks caused by antibiotic resistant bacteria (ARB) and antibiotic resistance genes (ARG) in water environments: Current knowledge and question to be answered. 50:2016–2059 (DOI: 10.1080/10643389.2019.1692611). The paper and its publication information can be found in the archive on the journal homepage: <https://www.tandfonline.com/best>.

The selection process of Best Paper Award is led by Co-EIC Dr. Robert Letcher at Carleton University, Canada, which is based on the most-cited and most-read papers during the past two years as well as the overall quality of the papers.

The Best Paper Award will be **announced on the journal homepage**. As a recipient of the award, your article will **enjoy free to access for a year**.

Congratulations to you and your co-authors from all at *Critical Reviews in Environmental Science and Technology* and Taylor & Francis for winning a 2021 Best Paper Award.

We look forward to receiving further submissions from you in the future.

Yours sincerely,

*Matthew Whittle*

*Matt Whittle*

Portfolio Manager | *Earth & Environmental Science Journals*

On behalf of the Editors of *Critical Reviews in Environmental Science and Technology*

Editor-in-Chief - Lena Ma

Co-Editors- Scott Bradford, Robert J. Letcher, Jörg Rinklebe & Yong Sik Ok
